ORDER TO UNSEAL

CR 06-0486 (FB) (JMA)

JAMES ORENSTEIN, Magistrate Judge:

On July 19, 2006, I denied as moot an application made under seal by defendant Cheryl Brenton ("Brenton") for an order directing the United States Marshals Service ("USMS") to provide her with transportation, lodging, and sustenance in connection with her anticipated appearance in court on July 26, 2006. *See* Docket Entry 46 (sealed order). Because the defendant asked, without explanation, that her application and my order upon it be sealed, I issued the order explaining my denial of the application under seal. *Id.* However, I noted at the time that the record then before me provided an insufficient basis on which to maintain the application and the order under seal and directed any party wishing to have the documents remain under seal after July 26, 2006, to make an application before that date explaining the need for continued secrecy. *Id.* That deadline has passed and I have not received any such application from any party. I therefore respectfully direct the Clerk to unseal both the original application to me, Docket Entry 45, and my subsequent order denying that application, Docket Entry 46.

SO ORDERED.

Dated: Brooklyn, New York
July 31, 2006

/s/ James Orenstein
JAMES ORENSTEIN
U.S. Magistrate Judge
